**Subject:** US Ecology

Good Morning Daniel:

US Ecology is one of two approved T&D facility in US EPA Region 02. I have specific contact information for individual you would need to deal with on the business end and the technical side. Below is the general information for the location we ship to in Michigan.

US Ecology Michigan

49350 North I-94 Service Drive  
Belleville, MI 48111

Phone: (800) 592-5489 Fax: (800) 592-5329

Energy Solutions is the other company. Energy Solutions is more of a higher concentration disposal facility and costs were basically twice as much as US Ecology. At Niagara Falls Boulevard the disposal cost is approximately \$112.00 per ton. For reference, trucking was a flat rate of \$1710.00 per truck. So if we direct loaded one truck with a ton and shipped from Niagara Falls to Michigan, that load would cost \$ 1822.

Please let me know if you need further information.

Regards,

Eric M. Daly
